

# Riley Children's Foundation

This year, East Allen County Schools will be participating in the Kids Caring & Sharing Campaign supporting the kids at Riley Hospital for Children at IU Health. Indiana's only comprehensive children's research hospital. All proceeds from this event directly benefit Riley Hospital. Kids love to help kids. And it's proven that children who learn to give to others at an early age will continue to be philanthropically involved throughout their lives.

**Kids Caring & Sharing** offers students simple ways to help other children by fundraising for Riley's pediatric research through their schools. Funds raised help Riley doctors and scientists search to find new treatments and cures for kid through **cancer research, diabetes research, and research into many childhood heart, lung and genetic defects.**
